

Are There Really Only 5?

Activity

1. Work together in pairs within your group.
2. Obtain a Card Sort envelope from your teacher.
3. Pull out the cards from the envelope.
4. Find the three Input cards – Mechanical, Chemical, and Electromagnetic – and place them in a row on the table.
5. The rest of the cards are Sense cards. Read and discuss each one and determine what type of input it is.
6. Place each Sense card under the Input card where you believe it belongs.
7. Draw 3 columns in your lab journal and record your answers.
